

Business & Commercial Litigation

We litigate cases on behalf of some of the largest corporations in the world as well as small business owners and individuals. Each matter gets our full attention and creative approach.

The Business & Commercial Litigation Practice is the backbone of Zausmer, closely intertwined with almost all of our other practice areas. We view ourselves not only as attorneys, but also as legal strategists. Whether our clients' objectives are grandiose or modest, litigation is often like war.

Clients come and return to us because we listen, understand, fight efficiently, and win. Our attorneys litigate matters in multiple forums in Michigan and around the nation, bringing and defending cases involving a host of issues.

Sometimes it is in our clients' best interest to settle matters. Other times our clients can only prevail before a jury or arbitration panel. We painstakingly prepare each case for trial and counsel our clients to make the best possible business decisions knowing that no stone has been left unturned.

Our approach is to thoroughly understand each matter at the outset to devise a strategy that will aggressively win the war without fighting unnecessary battles.
